Dear Sir:-

Referring to your letter of June 18th to Mr. James Speyer, I would ask you to kindly let me know whether you had in mind that the full size medal of the Mount Sinai Hospital should be made to be placed in the building of your society, or in the hospital.

Yours very truly,

Dear Sir:

In response to your letter of December 20th, my only thought in calling the attention of Mr. James Speyer to the possibility of having the Mount Sinai Hospital medal cast in the full size of the artist's model was that it would make a very appropriate bit of decoration for the Institution whose services were commemorated by it.

Very often through an incomplete knowledge of the processes in making a modern medal, the possibility of casting it in full size is not known. Sometimes the work is not of a quality to make its perpetuation in this form desirable, but the opposite case is so notably apparent in Mr. Weinman's design that I ventured the suggestion to Mr. Speyer because it seemed to be regrettable that such an excellent composition should not have a permanent form in the large size.

The pieces hung on the walls of the Museum of the American Numismatic Society are framed in simple panels of wood and make exceedingly handsome units in our exhibition. My suggestion, however, had no thought of having this model cast for our Museum, although it is needless for me to say that we should be very much gratified in placing it in a position of honour had it been offered to us.

Very respectfully yours,

Secretary

Dear Mr. Blumenthal:

In view of your generous contribution toward our Indian Peace Medal Fund, you may be interested to learn that we were very successful in securing sufficient funds to enable us to purchase every one of the twenty medals which we especially desired.

Our collection of Indian Peace medals is now a truly remarkable gathering, the like of which exists nowhere else in the world. The Society is, therefore, very appreciative of your loyal and generous assistance which has contributed so largely to the fortunate result as outlined above.

Please allow me to add my own personal thanks to those of the Society, and believe me,

Yours very gratefully,

President
